## **2015-2016 GRADUATE RESEARCH AWARDS** ***for DISARMAMENT, ARMS CONTROL AND NON-PROLIFERATION***

**\$5,000.00**

***Graduate Research Awards for Disarmament, Arms Control and Non-Proliferation*** are offered by The Simons Foundation and the International Security Research and Outreach Programme (ISROP) of Foreign Affairs, Trade and Development Canada (DFATD).

The 2015-2016 competition has been revised to simplify the application process and increase the value of the cash awards. A total of four awards of CAD\$5,000 are available to Canadian Master's and/or Doctoral candidates to support the research and writing of an academic paper responding to a specific Non-Proliferation, Arms Control and Disarmament (NACD) topic. Awards also include travel support to Ottawa where successful candidates will present their completed papers during a special event at DFATD Headquarters on February 26, 2016.

<b>Deadline for applications:</b>	<b>December 14, 2015</b>
<b>Selection of four award recipients:</b>	<b>January 18, 2016</b>
<b>Presentations at DFATD in Ottawa:</b>	<b>February 26, 2016</b>

**Applications must include:**

- Your resume, including proof of citizenship status.
- A complete, official transcript of your grades.
- An academic paper (1,500 words, MLA format) responding to one of the specific Non-Proliferation, Arms Control and Disarmament topics listed.

*This competition is open to Canadian citizens and Canadian permanent residents/landed immigrants currently enrolled in a graduate programme at a university in Canada. Previous recipients of a Graduate Research Award are not eligible in order to expand the community of Canadian scholars working on non-proliferation, arms control and disarmament (NACD) issues.*

**Complete applications must be received by the close of business (PST) on December 14, 2015** and should be sent to Elaine Hynes at The Simons Foundation by email to: [ehynes@thesimonsfoundation.ca](mailto:ehynes@thesimonsfoundation.ca).
